

Information for the exhibition of hazardous substances and mixtures at the Frankfurter Messe

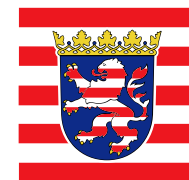

Hazardous substances and mixtures must be duly labeled when placed on the market.

If hazardous substances and mixtures are sold directly at a trade fair, this is defined as a placing on the market. In this case a duly labelling in accordance with CLP Regulation (EC) No 1272/2008 is mandatory.

Hazardous substances and mixtures which are only exhibited at the fair trade are not placed on the market. If this substance has not yet been properly labelled at the exhibition, the exhibitor must clearly indicate that it does not comply with the requirements and cannot be acquired unless compliance is reached (§ 3 Abs. 5 Produktsicherheitsgesetz).

This can be done by an information in German language. This can be added in other languages optionally. The required hazard class, hazard categorie, hazard pictogram, signal word and hazard statements can be found in the respective safety data sheet.

For example:

Hinweis gemäß § 3 Abs. 5 ProdSG
Name des Raumduftes

Der Raumduft ist noch nicht vollständig gekennzeichnet. Bei Lieferung wird folgende Kennzeichnung auf der Verpackung angebracht sein:

Achtung

Enthält: ...
Kann allergische Hautreaktionen verursachen.
